

AFGHANISTAN ENERGY STUDY

7th Afghanistan Energy Study Committee Meeting

June 27, 2018

01:30 pm – 05:00 pm

World Bank, Kabul, Afghanistan

Background: the purpose of the Afghanistan Energy Study is to conduct a comprehensive assessment of the energy sector, and to inform investments that aim to increase accessibility to affordable and sustainable energy. The study is expected to last until mid-2019. The Afghanistan Energy Study Committee oversees the study and ensures quality control. It is chaired by the Deputy Minister of Energy, and composed of representatives from MEW, MRRD, and DABS. In addition, a Geo-Spatial Working Group has been formed as an integral part of Activity 4 (Least Cost Electrification Plan and Development of Investment Prospectus) of the Afghanistan Energy Study. This working group consists of nominated officials from Kabul Polytechnic University and Kabul University, Afghan Geodesy and Cartography Head Office (AGCHO), the Capital Region Independent Development Authority (CRIDA), the Afghan power utility DABS, the Ministry for Rural Rehabilitation and Development (MRRD), Ministry of Agriculture, Irrigation and Livestock (MAIL), and Ministry for Energy and Water (MEW). The purpose of this 7th meeting is to take stock of progress on the overall study thus far and to agree on the next steps going forward.
